October 2022

The people of Haiti need our prayers now more than ever. In September, their Prime Minister announced gas prices would double to offset subsidy costs causing protests, roadblocks and all businesses and banks were shut down. Violent gangs also have the country on lock-down. Besides kidnapping, killing and paralyzing civilians and authorities, they control access to the main gas storage facility at the port. There is no gas in gas stations. Gas in our mission area is \$20 US per gallon IF it can even be found! Food prices and the cost of school has doubled. Most hospitals are closed.

The country faces crisis upon crisis. Our own mission and many others in our area *actually ran out of food*. We found another way to send emergency money and even shared what little we had with another local orphanage. It is all heartbreaking. With humble thanks to God and all of us together, lives are being saved. He has

connected us to be a lifeline and vessels of His hope in this chaos.

As the season of thanks and celebration of the gift of Jesus to us all is near, **now** is the time to please consider sharing your blessings with these precious brothers and sisters that are suffering. Can you imagine living one day of your life in their place? Your help is a miraculous answer to their prayers, and they are desperately waiting.

Look at this precious mama. She showed up at our mission in Haiti last week. Her husband was recently killed, then her house and all their belongings were lost in a fire. With everything going on she was so despairing, she wanted to give the children to our boys' home, even if she had to separate them into several orphanages. Our heart was for them to stay together if possible, so we sent donations to rent her a home instead!

They will also need beds, mattresses, clothes, and food and the children will need sponsors for school please! Let's show this mama how God's people squash desperation with exceeding love, and that she is not alone or hopeless!

Let's show this mama how God's people squash desperation with exceeding love, and that she is not alone or hopeless!

The day before rioting broke out, we were faced with school costs that doubled from last year. In faith, we went ahead and paid thousands more than expected.

There is no better investment...the stability, responsibility, pride and learning results in a more knowledgeable citizen and has life-long and culture-changing effects.

You can sponsor a specific child or partner generally to offset increase. \$300/year, \$100/quarter or \$25/month to change a life.

This mission serves every day! Together we are the hands and feet of Jesus. Be part of it!

2 lives that were saved were this mama and little boy at left. She had been in hard labor 4 days before we intervened. The mama is ok now, but the baby has been on oxygen for the past few weeks.

Look at Dr. Ashlyn praying for this lady our mission is assisting. He is such a blessing!

A basketball-sized tumor was removed from another lady's abdomen, a man with head injuries received care and other emergencies met but are too graphic to show.

Wow. This little girl at right will receive surgery when the country settles down. She fell into a fire her mother was cooking on. Her mother brought her to our worship and feeding program held every Wednesday up in the remote mountains. Do you see what a miracle this is for her and her family?

Thank you each and every person and group that partners to help. We and they are deeply grateful. The blessing of donations for several Lifestraw Water filters has been received and will be purchased and given when the chaos subsides, and also towards a dependable truck so critically needed! Hallelujah!

We hope you see how your donations are giving life and making a real difference! If you would like to be part of it, the people of Haiti need your help!

Look at all these smiles!
